

NDT INSPECTION COMPANY PROFILE

● Testing ● Inspection

We Provide Inspection and Testing
Solutions to all Industries.

ABOUT US

NDT INSPECTION

NDT Inspection is a leading service provider offering inspection and testing solutions to ensure that all Fabrication and Statutory Requirements are complied with.

The organization was established in 2005. It was founded by individuals who are passionate about structural integrity and quality assurance in its complexity. The company holds a BBBEE Level 2 status.

NDT Inspection has satellites all over South Africa and has a proven track record of a professional approach and excellent quality service.

OUR MISSION

Our mission is to become a reliable, total quality focused and cost effective services provider.

We aim at meeting customer needs and exceeding customer satisfaction through quality assessment & assurance of components using our diverse range of non-destructive testing techniques.

OUR VISION

To become an excellent leading international services provider by utilizing competitive advantage to close all market gaps possible, while enhancing entity growth to ensure employment creation is multiplied.

WHAT WE SPECIALISE IN

GENERAL SERVICES

- Industrial Radiography.
- Liquid Penetrant Testing
- Magnetic Particle Testing.
- Ultrasonic Flaw Detection
- Thickness Monitoring
- Hardness Testing
- Ultrasonic Phased Array Testing.
- Visual Inspection
- Endoscope camera surveillance
- Vacuum box testing.
- Low frequency Eddy current.
- Replication
- Pre heat and Post weld Heat Treatment
- Welder Qualification Testing and Certification
- Welding Procedures Qualifications.
- Pressure testing and certification.
- In service inspection and certification.
- On site darkroom facilities either via Mobile units or site office units.

SPECIALIZED SERVICES

- Micro focus Radiography
- Corrosion Mapping
- Phased Array Ultrasonic Testing
- Time of Flight Diffraction (TOFD)
- Guided Ultrasonic Testing
- Coating Inspection
- Pulsed Eddy Current Testing (PECT)
- Tank Wall Inspection
- Shutdown Coordination
- Project Management

Our Values

To achieve our Goals we deliver:

- Excellent timely quality services
- Professional services
- Friendly customer care & value

Our Ethical Principles

- Loyalty
- Professionalism
- Business Integrity
- Transparency
- Respect
- Honesty

Scope of Business

Generally we add value to the pressure equipment and structural industry to ensure best practice testing solutions to insure quality assurance during new fabrications, in-service inspections, repairs and modifications. We serve quite a number of industries; Mining, Oil & Gas, Energy, Automotive, Aviation, Manufacturing industry and many more

OUR CLIENTS LIST

Include:

- Africa - Fuel
- AMG Instrumentation
- B&C Steelwork
- Babcock
- Cerefmet
- Cerimele Construction
- Crane Load Tech
- DCD Dorbyl
- Elinem Construction
- GRW Services
- Lonmin
- Megavaal
- Metal Protection Engineering
- Mittal
- Mondi
- MSR Engineering
- Murray and Dickson
- NESSA Engineering
- Omnia Fertilizers
- Rand Refinery
- RBI Technical Solutions
- Safripol
- SAPPI Southern Africa
- Seal Tight
- Site Maintenance and Fabrications
- Strucktis Engineering
- Swift
- VIC Engineering
- WBHO
- Zufi Engineering

Compliance

The company is legally registered in terms of the Companies Act and is compliant with all the regulations of the legislated bodies/institutions.

SARS Compliant- Tax clearance, VAT, PAYE and UIF
